DigiTool Program Track - ELUNA 2007

Wednesday, June 6th

- **10:30 - 12:00 - Innovative Applications**
    - Pascal Calarco, It's all about the image: DigiTool at Notre Dame
    - Brian Meuse, DigiTool and SOAP at Boston College
    - Lu Ai, Adding DigiTool records to an Endeca OPAC at FCLA

- **3:30 - 5:00 - ALEPH/DigiTool Workflows Roundtable**
    - Brian Meuse, Boston College (Moderator)
    - ABSTRACT: Moderated roundtable discussion open to all DigiTool and ALEPH users. If your institution uses both products, do you have records for digital materials in your Aleph OPAC as well as in DigiTool? Do you use DigiTool or Aleph (or something else) to create your bibliographic data? Do the same staff use both systems? Are you planning to use the Aleph/DigiTool Metadata Synchronization service?

- **5:00 - 6:30 - DigiTool Product Feature**
    - Yaniv Levy, DigiTool Product Manager

Thursday, June 7th

- **8:30 - 10:00 - DigiTool Product Working Group Meeting**
    - Brian Meuse, Boston College (Chair)

- **10:30 - 12:00 - Using DigiTool for ETD Submission**
    - Judith Frangos, Rensselear Polytechnic Institute
    - ABSTRACT: How RPI implemented the DigiTool Deposit Module for student submission of electronic theses and dissertations.
